History Project at Otway Health

Honouring our Past

At the recent event held to commemorate the amalgamation of Otway Health and Lorne Community Hospital, our CEO, Kate Gillan announced a project named "Honouring our Past".

This project is designed to ensure that the history of the Apollo Bay Hospital and the newer named entity of Otway Health, is celebrated and available for our community into the future.

We are now calling for interested persons, to be a part of this project and an initial meeting will be held at Marrar Woom on Monday 12 August commencing at 9am.

Please come along and share your ideas for this project and help us shape it into a meaningful historical representation, of your health service.

We welcome past volunteers, staff, patients, clients and community members to share their recollections and contribute to our story.
